

# Port of Los Angeles Learning Resource Menu

FEMA Education, Training, Exercise, & Support for Elected and Appointed Leaders

FEMA is committed to support Local and Jurisdictional officials and their staff through senior-level education, exercises and other support resources focused on key emergency management concepts. This menu highlights resources available for senior local governmental officials and their staff.

## Executive Learning

### FEMA Local Elected & Appointed Officials Guide

The [Local Elected and Appointed Officials Guide](#) provides an introduction to emergency management concepts and principles for local senior officials. It outlines their roles and responsibilities before, during and after disasters, as well as additional resources available. Topics include:

- Federal Partners, Programs, & Processes
- Consequence Management
- Crisis Management
- Continuity of Government

View this [video](#) on potential roles local senior officials play before, during, and after disasters.

### Executive Education Program

The [Executive Education Program](#) at Center for Homeland Defense and Security (CHDS) provides a wide-range of tailored homeland security educational opportunities designed to help strengthen U.S. capability to prevent, deter, prepare for, respond to, and recover from terrorist attacks, natural disasters, and public safety threats and to build the intergovernmental, interagency, and civil-military cooperation that homeland security requires.

### Planning Guides

FEMA provides [Planning Guides](#) to support community engagement in emergency preparedness. These guides help the whole community think through the lifecycle of a potential crisis, determine required capabilities, and establish a framework for roles and responsibilities.

The following resources are recommended for Port of Los Angeles:

- [Critical Infrastructure](#)
- [Local Elected Officials Guide, Quick Reference Guide, and Checklist](#)
- [Planning Considerations for Cyber Incidents](#)
- [Comprehensive Preparedness Guide \(CPG\) 201: THIRA/SPR Guide](#)

### FEMA's Combined Training Catalog

Visit [www.firstrespondertraining.gov](http://www.firstrespondertraining.gov) to explore FEMA's 700+ tuition-free training courses across 18 professional disciplines and 32 [core capabilities](#). In collaboration with academia, renowned practitioners and industry leaders, FEMA's training team, including the National Training and Education Division (NTED), the Emergency Management Institute (EMI), and the Center for Domestic Preparedness (CDP), delivers comprehensive and contemporary curricula to support the advancement of both strategic and tactical level objectives.

Courses cover a wide range of topics and are designed for members of the emergency management and first responder communities, and well as others dedicated to building a prepared and resilient nation.
